

Gabrielle Angelo Diño

FULL STACK DEVELOPER

About Me

Knowledgeable in user interface, testing, and debugging processes. Bringing forth expertise in design, installation, testing and maintenance of web systems. Equipped with a diverse and promising skill-set. Able to effectively self-manage during independent projects, as well as collaborate in a team setting.

Employment History

Digital Marketing Virtual Assistant at Doneverse

MAR 2025

Provided end-to-end digital marketing support: social media management (content strategy, copywriting, scheduling, and community engagement); content creation including graphics and short-form video; and email marketing (campaign setup and list segmentation). Performed website maintenance and updates using WordPress with Elementor and WPBakery — page edits, template adjustments, plugin/theme updates, and basic performance and security tweaks. Handled basic on-page SEO, Google Analytics tracking and reporting, CRM updates, lead capture forms, and workflow automation to support sales and customer retention.

Education

Bachelor of Science in Information Technology, Centro Escolar University - Malolos, City of Malolos, Bulacan

AUG 2020 – MAY 2024

Bachelor of Science in Information Technology. Relevant coursework: Web Development, Database Systems, Data Structures, Algorithms, Networking, and Software Engineering. Capstone: designed and implemented a full-stack web application, responsible for requirements, design, implementation, testing, and deployment.

Officer roles:

- 2021 — Secretary, Junior Philippine Computer Society: recorded minutes of meetings, managed social media content and basic graphic design, and provided technical support for on-site events.
- 2022 — Secretary, College Student Council: same responsibilities as above (minutes handling, social media, graphic design, and on-site technical support).

Courses

Full Stack Web Developer, Zuiitt Coding Bootcamp

MAY 2026 – NOV 2026
